Product Description

Why choose us:

 Industry and Trade Superior Location Rich Experienced OEM/ODM Supported Quality Assurance Competitive Price

Products Introduction

Handmade Luxury Designer Metal Lantern are made of stainless steel and tempered glass. For the stainless steel, we use SS430 which is around 0.7mm thickness to make it. For some components we will use different thickness of the stainless steel because of the construction requirement. For the glass, we use the tempered glass, which is around 2.6mm thickness. And for the round glass tube, we use 2.5mm borosilicate glass tube. Product surface treatment can be made in different colors according to customer requirements. And the metal lantern has different sizes for your to choose. Our metal lanterns let the flicker of candlelight take center stage. Solid sheet metal frames feature broad panels of clear glass. Fitted with handles, the lanterns can be easily transported to cast a warm glow where needed.
